- Evangelical Enqwiedge Society. The thirteenth amous meeting of the Board of Directors of the Protestant Spiscopal Society for the Promotion of vangelical Knowledge was held at St. Mark's church. May vessant street, last evening. A business meeting was opened at half-past seven o'clock P. M.
- interest in the progress of Evangelical truth.

 The proceedings began with the regular church service
- gymen assisted.

 The annual sermon was preached by the Rev. Dr. Brit-ler, of Washington, D. C. The reverend gentleman seled his text from the fifty fifth chapter of the back of returneth not thither, but watereth the earth and make it to bring forth and bud, that it may give seed to the newer and bread to the eater, so shall mer word be that goeth out of my mouth not return unto me void, but it shall accomplish that which I please, and it shall proper in the thing whereto I nest it. The sermen on this beactiful theme was elequent and impressive. In chaste and elegant language the preacher compared the silent influences of the Word of God to the snow and the rain, which never fall upon the earth without blessing and enriching it. So did God's word on the human heart. The Evangelical Seciety, as one of the great instruments of American Christianity for the spread of the Divine word, was next adverted to, and it was gratifying to learn that the tabors of its friends have not been in the nam of the Lord. The great danger of Romish errors was then pointed out, and the reverend gentleman dwell at some length on the pittis innovations which have been introduced into the Roly Catholic and Apostolic church by men who professed to be Evangelical, but who were daily striving to involve the church in the meshes of these deplorable errors.

 The sermon was listened to with devout attention, and at its conclusion, a collection was taken up on behalf of the mission, and the services closed with singing and grayer.
